Free, downloadable wallpapers with Karl May themed 'riders in the sky'.

Several Karl May fans have expressed interest in the cover art of my Karl May translations, especially the riders. The Karl May anniversary year, 2012, is the perfect time to make some of my cover art available as free, downloadable wallpapers for your desktop.

The backgrounds are sunsets, sunrises or other dramatic cloud vistas over Tasmania, my island home, establishing an immediate connection between Karl May and Tasmania.

Although I make the wallpapers available as free downloads, they are nevertheless ©Marlies Bugmann, and are only for your private use, or free share with attributation.

There are two sizes:
1024x768
800x600
all are 72dpi.

The file names denote to which of Karl May's novels the riders belong:
WIV... Winnetou—Book 4
W123 ... Complete Winnetou Trilogy
OS ... Old Surehand
SA ... From The Rio De La Plata To The Cordilleras
SL ... The Treasure In Silver-Lake
BM ... Black Mustang
